

## Poshmark Photos Checklist

Need photos from these angles:

1. Cover shot

2. Top of shoes (standing up)

3. Soles of shoes (standing up)

4. Side of shoes

5. Other angles? Any irregularities needing close-up shot?

- If the shoes have a box, **include the box** in at least one photo.
- Take photo from an angle, so there's **no shadow**, especially on cover shot.
- Use **“square”** photo on camera.
- Make sure it's clear, **not blurry**.
